## Te Mana o te Wai: Ngaati Hauaa Iwi Trust

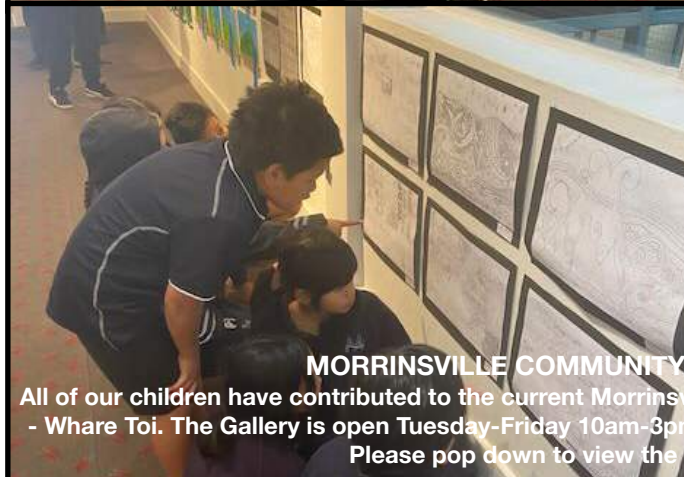

On 9<sup>th</sup> & 10<sup>th</sup> of September whānau from Ngaati Werewere and Ngaati Hauā joined a waananga looking at the health of our awa and tuna and sharing history and objectives for the future of our tupuna awa and our people. The focus was on our 3 awa tupuna, **Piakoiti**, **Topehaehae** and **Waitakaruru**.

Past and present pupils for Morrinsville School were in attendance and were given opportunities to learn from both Environmental Scientists and Kaumatua. They were able to use SHMAK's (Stream Health and Monitoring Kits) to test clarity, conductivity and nutrient levels in our creeks and rivers and also hear puurakau around traditional techniques for hunting and gathering from the awa when the kai was plentiful.
